

## Monthly Operations Report – May 2022

### Field Services Case Records – May 2022

**PLEASE NOTE:** WCAS transitioned to a new data management system at the beginning of May 2021. Due to this transition, the way in which field services-related incidents are tallied has changed. Beginning May of 2021, these totals reflect one case record per call/reported incident. (A case record is comprised of all activities completed by staff in relation to an incident.) Previously, the totals presented in this portion of the report were a tally of all individual activities that had been completed.
